Governor Calls Traffic Alert, Urges Low Speed

Gov. Otto Kerner today through an official proclamation issued a Christmas holiday traffic alert plea to all motorists, calling attention to the hazards of holiday driving.

The proclamation designates the period of Dec. 13 through Jan. 2, 1964, as the holiday season for traffic accident prevention purposes. In addition, the governor called for a stepped-up public information program for the holidays.

"During the actual holiday," Granite City Press-Record TR. 6-2000 TR. 6-2001

hours. I have ordered the Illinois state highway police to observe "Traffic Condition Red" as in the past," he said.

"Traffic fatalities have been exceeding last year's by some 9%. Early in the year, I called a series of emergency conferences in an effort to secure the wholehearted support of local authorities. They have responded well, but this is not enough. During 1964 we will redouble our efforts for safer motor travel and will seek further cooperation of local agencies."

"Leaves Canceled
Traditionally, the "Traffic Condition Red" alert means that leaves or days off are canceled for all state police. Their efforts normally are supplemented by secretary of state investigators.

Although speed in itself is questioned as a major cause of accidents by some, Gov. Kerner has asked that all motorists reduce their speed by 10 miles an hour during the holidays as a safety precaution.

"This reduced speed may not reduce accidents per se, though persons observing my request will find themselves driving in a more relaxed frame of mind," the governor said.

Does Scouting Help?

Maroons, Flyers Visit Warriors

To scout or not to scout? That's the question and it won't be settled this weekend but the results of two tough Southwestern Conference games faced by the Granite City Warriors might provide some good arguing points.

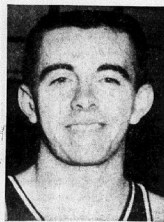

Consider these facts: 1. Coach Jerry Turner, whose Belleville Maroons visit the local high school gym tomorrow night, personally scouted the Warriors first two games (both victories) and had two busy-writing assistants viewing the Collinsville contest (a loss).

2. Coach Louis "Dick" Dehner, whose East St. Louis Flyers hit town Saturday night, hasn't seen the Warriors at all and neither have his assistants.

Coach Andy Sullivan and his Warriors, of course, would like to scout the whole study and win both games to stay in the chase after defending champion Collinsville.

Both Non-Committing Turner, in his fifth year at Belleville and winner of 51 of the last 60 games, must have a volume of information on the Warriors but he wasn't making prophesies. "They'll be tough," was the brief comment.

Dehner, a 25-year veteran at East Side, was as usual—more

Elton Hall, tallest Warrior starter at 6-3 1/2.

"Nope. I haven't seen 'em, and I haven't had anybody scouting 'em either. I didn't see Alton either and we beat 'em by two points (68-67). How do you figure that? This scouting is overrated—it's who puts the most through the hoops that counts, isn't it? Oh, scouting might be all right sometimes, but Dehner's thoughts were pretty

far removed from the Granite City game, though—he plays Collinsville tomorrow night. "They'll murder us," he mumbled. "How can you beat those 6-5 and 6-6 boys with 6-2 boys?"

A Common Woe It's a common complaint these days East St. Louis, Belleville and Granite City all lack the real big boy. The Maroons tallest is 6-3 1/2 Jay Westcott. Other starters are Joe Wiley (6-2), Neal Holliday (6-1 1/2), Dellis Germann (6-0), Tom Farquhar (5-11) and Dave Brauer (5-7).

East St. Louis has 6-2 1/2 Albert Gage along with Greg Greco (6-2), Vern Dillon (6-0), Eddie Johnson (6-1) and Coy Nunn (5-7).

The Warriors are in the same day shape with 6-3 1/2 Elton Hall as the tallest starter. Others are consecutive victories over St. Jim Cant (6-2 1/2), Larry Lilley, Louis Area and Southwestern 11 (6-2), Jim Proffitt (6-0), and linos teams appeared near an Joe Hiles (6-0). Lilley leads the Missouri squad with 47 points, ahead 19-14 after the first 10 minutes.

Both visiting teams won on- or off- the court. The Warriors' first pin of the night over John Meredith in the 180-pound division. Time was 2:24 in the overtime with 10-11 and Hall (11-0).

Wadlow's Basket Wins For Tri-Way

Dale Wadlow's basket in the final 10 seconds gave Tri-Way Village a 20-18 victory over the Saints in High School League Western Division basketball Monday night at the Community Center.

Tri-Way led 38-22 at half time. Gerald Braugwater's 18 and Bill Cox's 11 topped Tri-Way. John Pomeroy had 23 for the Saints.

The YMCA Teen Town downed Olga's Confectionery 59-53 as Ernie Ernest scored 12 and Ricky Rutenbush 11. Larry Johnson scored 19 and Dennis Hecht 14 for Olga's.

Joe Fanning made 20 points and Ron Yates 10 as Lincoln Place triumphed 65-38. Bob Vesnas had 12 for the hosts.

Worham, Haven Pace Sanford-Brown Triumph

Carl Worham, former Granite City high school basketball player, scored 41 points Monday night as Sanford-Brown College defeated Scott Air Force Base 114-109 at Jefferson Barracks.

Bill Haven, also a Granite Cityan, peppered in 27 points for Sanford-Brown. Pete Millon had 33 for Scott. Sanford-Brown had a 3-1 record.

St. Boniface Tumbles St. Mary's Of Madison

St. Boniface of Edwardsville trimmed St. Mary's of Madison 44-37 in an eighth grade basketball game Monday night at Edwardsville. St. Boniface led all the way.

Mike Ollaria's 15 points topped St. Boniface. St. Mary's B team lost 20-18. St. Boniface stands 4-1. St. Mary's 3-2 in conference.

It's Madison Vs. Columbia At O'Fallon

Madison's Trojans, carrying a 2-1 record, open play in the O'Fallon Invitational Tournament at 8:30 p.m. today against the Columbia Eagles.

Columbia opened last night in the six-team tourney and came away with a 70-59 triumph over host O'Fallon.

If that game is any indication, the Trojans will have to mind their contact around the Eagles' Leon Oesner. He made 26 points—16 of them on free throws.

Oesner also sparked Columbia's runaway in the overtime with six points.

The Trojans are closely following the exploits of the Columbia Comanches, the other Midwestern Conference team in the tourney. Columbia blasted New Athens 68-48 in its first-round game last night and plays Lobson in the first game tonight.

Should both Madison and Cahokia win tonight, they'll meet in the title contest Saturday night. Last year, the teams met in the semifinals and the Comanches took a 51-32 victory.

"Cahokia is one of the best defensive clubs around," said Madison's Earl McClanahan. The Comanches have a 2-2 record and Tuesday night defeated Sparta 77-75 in a triple-overtime thriller. Sparta downed Madison 72-66 in the Trojans' opening game.

Cahokia's biggest scoring threat of late has been husky Don Karr, an all-conference fullback in football. He scored 21 against Sparta, including 10 in the overtime periods, and 22 last night against New Athens.

JHS League Schedule

Two games are scheduled in the Junior High School League for tomorrow at the Community Center. At 7 p.m., the Pistons (0-1) meet the Little Diggers (1-0), and at 8 p.m., the Unmatchables (1-0) tackle the Ratt Finks (0-1).

Lincoln Opens At Home With Lovejoy After Dropping Third Game On Road

There's no place like home, decision. The hosts rolled to a 30-42 halftime lead.

After three straight losses on the road, the high school basketball team finally plays on its home court tomorrow night.

The home opener promises excitement with Lovejoy, a traditional rival, as the opponent.

"It'll be a close one," Coach Stan Lynch of the Rams predicted. Last season, Lincoln downed Lovejoy twice, 61-47 and 66-40.

But this season, Lovejoy promises to be tougher with hot shooting guard Cornell Bailey leading the way. Bailey made 30 points in Lovejoy's 89-73 loss to O'Fallon Tuesday night.

The Rams' third loss came Tuesday night at Kinloch, Mo., where Bulldogs raced to a 97-57 victory.

Half Billion In Narcotics Sales In This Country

The narcotics traffic in the United States is a \$500 million a year business, members of the Granite City Rotary Club were told Tuesday by State Senator John P. Meyer, Danville.

Meyer, who represented this country at the United Nations Conference on Narcotics in Geneva, Switzerland, also said the Illinois Senate Narcotics Division Committee, of which he is chairman, estimates there are 15,000 addicts in this state.

"Unfortunately, until just a few years ago, the history of cures was very low—less than 7%," he said. At that time, the Illinois program, in cooperation with a famed psychiatrist, developed a chemical that detects drugs in the system 72 hours afterward.

All our known cases on probation now are required to report every 72 hours after they are released. If they break probation and last March we had 13,000 negative reports out of 135, a gratifying high percentage."

Controlled By Gangsters

Besides the widespread misery caused by narcotics, Meyer said the highly profitable business also is controlled by gangsters and hoodlums "who have become very powerful."

He emphasized the value of international cooperation, pointing out that narcotics traffic must be stopped at its source. Through scientific research, he said, the extreme sensitivity of opium, it is possible to determine within 50 or 60 miles the place it is grown. With this information, we can bring to bear all our political and foreign aid influence, via international channels, to have the guilty country take action against the growers and traffickers."

Senator Meyer said this was one of the most productive functions of the United Nations Conference. Accompanying him to Geneva, he added, were representatives of the State and Treasury Departments and in attendance were delegates from most of the nations of the world. It lasted five weeks, and he recounted for Rotarians a number of interesting incidents and conversations during that period.

Meyer was introduced by Attorney Randall Robertson, a long time friend, who announced that the Danville attorney is a candidate for the Republican nomination for Illinois secretary of state. Ralph Morris was program chairman.

In deciding to proceed now with Wilson, Prather and Mitchell bonds, all three members of the school site, the board chose one of four potential combinations. Others discussed were Wilson-Prather and one or two sites; Wilson-Prather-Marville and one or two sites; and Wilson-Prather-Marville-Marville and one or two sites.

Options for future site purchases may be sought.

Others present were President Ralph Priester and Ralph Buske. Those absent were Dan Linder and Monroe Worthington.

Participating from the recent policy of not considering non-agenda business, Priester read a letter from Granite City Assessor Von Dee Cruse urging that the board's legal rights relating to Namekiki and Chouteau townships. Several indicated hesitations to take such a step, and the letter was referred to Maurice Dailley for advice Jan. 14 on the board's legal rights relating to assessed valuation.

Boosters of the Fighting Warriors suggested improvements and pledged support of school programs in another letter. It was decided to ask them to help pass the bond election.

Stidham commended news media and Dr. Kaiser for their role in publicizing school activities and needs.

Board Condemns Blacklist Report

Reported "blacklisting" of two businessmen on the Granite City school board was condemned Tuesday night by other board members, who decided against increasing the previous contract offer to custodians in Building Services Employees Local 80.

Such steps are legal and ethical when related to personal or business conduct but are illegal if done officially—and unfair if done informally—when they relate to how an individual acts as a board member, Secretary George Stidham and Attorney Maurice Dailley commented.

Stidham said his experience in union negotiations has never included such tactics. No adult wanting to be fair would use threats, he asserted. Robert Spengler—named in the "do not patronize" rumor along with Stidham and Dailley—described it as merely one of the risks encountered in serving in public office.

President and Altpf, Frickner, a union member, said some are singled out because they are in the public eye and therefore vulnerable, adding that other board members encounter other forms of harassment from various sources, including labeling of union men as being not strong enough union backers. A strong union has warned him of plans to contribute \$100 to defeat him next April, he related.

Members criticized blacklisting as often inaccurate in decisions on which are "bad" ones. Linder said several said it is only partially effective.

Considering a report from Al Ward Jr. and Merrill Linder as business agent and president of Local 80—since changed to Lindsey and Carl Harrison—on claims of custodial and cafeteria offers, the board instructed Spengler, Kaiser on additional negotiating steps. The blacklist report related to custodians.

Junior Clubs To Aid School For Retarded

Federated Junior Clubs, along with other member clubs of the Illinois Federation of Junior Service Clubs, are completing preparations to participate in sponsorship of the St. Louis-Cincinnati professional basketball game Sunday afternoon, Jan. 19 at the St. Louis Kiel Auditorium. Proceeds of ticket sales by Junior Service Club members will be equally divided between the Illinois State School for the Mentally Retarded at Lincoln and the Macoupin County Mental Health Association. Last year's Federation donation was made to the Madison County Mental Health Association.

The federation, which consists of clubs from Collinsville, Edwardsville, Granite City, Madison, Staunton and Venice each year chooses a common project in addition to the community service work performed by individual clubs. This year's recipients were chosen because of the importance to the nation and the state of mental health problems.

The Lincoln Home provides care, treatment and such education as is practical for about 500 of the states' mentally handicapped ranging in age from infancy to adulthood. Although it is largely state-supported, there is a need for additional financial help.

The Macoupin County Mental Health Association provides mental health education and low-cost treatment for children and adults in the area. Mental illness and retardation are regarded as the most serious national health problem, touching nearly one out of every four families at one time or another.

Basketball fans who purchase \$5 reserved seat tickets to the game will be assured not only of a good seat but the added knowledge that half the cost of their ticket will help support the charity work.

Tickets are available now from any Junior Service member, or information about purchasing them may be obtained by calling Mrs. William Reiche of Venice, Mrs. Vasil Graville of Madison or Mrs. Marvin L. Fitzpatrick of Granite City, the local ticket chairman.

Since the benefit tickets must be exchanged for seat-numbered tickets at the box office of the auditorium or at the Arcade building, those wishing to attend are being asked to purchase their tickets and exchange them as early as possible. This will assure the best choice of seats in the reserved section.

Man Pleads Guilty, Another Found Innocent

Daniel C. Scott, 36, of St. Louis, was found not guilty by a Madison county circuit court jury yesterday on charges of armed robbery and attempted holdup at Sam's Market, 1433 Market street, Venice, last Oct. 16.

In the same case, Willie Johnson, 18, of 100 Harris street, Eagles Park Acres, pleaded guilty on Monday and applied for probation, and charges against Lavator Louis, 19, Scott's niece who lives at the Harris address, were dismissed on a motion by the state's attorney's office.

She was charged only with attempt. A probation hearing for Johnson was set for Dec. 18.

In another case, a jury declared Henry L. Odom, 31, of 166 Viola Jones Homes, Venice, to be legally sane at a sanity hearing yesterday after reports of psychiatric examinations were received.

Jones was indicted by burglary and theft after he was arrested August and admitted breaking into seven Madison homes. His trial is expected to be set for after the first of the year.

Stop Sign Charge

Sammie Smith, 27, of 4140 Division street, was arrested Tuesday evening on a charge of failing to observe a stop sign at St. Clair and Wayne avenues.

SOCIETY

Annual Party For Eagles Auxiliary

The Eagles Auxiliary held a business meeting Tuesday evening, followed by a Christmas party.

Mrs. Helen Pregel presided and plans were made to again pack baskets at the Salvation Army Recreation Center and Mrs. Florida Batson, ways and means committee chairman, asked the assistance of all in the task.

Mrs. Victoria Portell, Auxiliary "mother", was escorted to the altar and presented with a gift, as were Mrs. Flo Hillis and Mrs. Mae Amisch, kitchen chairmen. The Auxiliary president was also honored with a gift from the group.

A letter of thanks was read for donations to Boys Town, the state Heart Fund and Muscular Dystrophy drive.

The members were seated for refreshments at tables adorned with holly, other evergreens and a small tree.

Those serving on the committee were Mrs. Angie Buehler, Mrs. Mildred Anchor, Mrs. Cora Haggan, Mrs. Frances Haggan, Miss Sylvia Roy, who was in charge of the gift exchange, distributed the packages.

Sorority Holds Christmas Party

The Theta Chapter of Beta Sigma Phi held the annual Christmas party and dinner last night at Tony's restaurant.

Miss Dorothy Cox was in charge of table appointments, and the dinner table was centered with a large decorated Christmas candle.

Games were in keeping with the holiday season, and prizes were won by Mrs. Ruth Odell, Mrs. Virginia Johnson, Mrs. Alice Sauter and Miss Annabel Zang. The latter was also winner of the special prize which was the table centerpiece.

"Secret pal" names were revealed, and there was an exchange of gifts. The chapter members autographed Christmas cards to be sent to Beta Sigma Phi chapters throughout the country.

Also present were Miss Sadie Haggan, Miss Ella Edlin, Miss Hazel Towery, Mrs. Evelyn Arbetter, Mrs. Mary Yevlin and Mrs. Queenie Elmer.

GC Demo Women Christmas Party

Forty-one members and guests attended a Christmas party for the Granite City Democratic Women's Organization in the home of Mrs. Peggy Burch, president, last night.

A turkey dinner, presided by a cocktail hour, was served and Christmas decorations were used about the home. A lighted tree stood near the fireplace with gifts for all piled beneath.

After the meal the packages were distributed and motion pictures were taken.

The hostess was assisted by Mrs. Hattie Haggan, Mrs. Ethel Zimmer, Mrs. Mary Boring and Mrs. Mary Halliburton.

The next meeting of the organization will be held at the Rose Bowl.

Awards Dinner

The annual Christmas party and awards dinner for salaried women employees of the Granite City Steel Co. was held Tuesday evening in the grand ballroom of the Statler-Hilton Hotel in St. Louis.

L. F. Guley, vice-president, presented the awards as follows: Edie Etheridge, 25 years; Dorothy Born, and Ruth Huxel (retired) 20 years; Helen Reifford, Ruth Layman, Norma Pregel, Florence Schall and Sylvia Winters, 10 years.

The tables were decorated with tinsel and candles in keeping with the holiday season and strolling musicians played during the dinner hour. Helene Bischoff served as toastmistress and the invocation was given by Pauline Luschnig.

Prizes were given and there was an exchange of gifts among the group. Special recognition was given Ethel Mueller and Bessie Heuterman for length of service.

CHRISTMAS PARTY FOR HANDICRAFT CLUB

The Handicraft Club Christmas party was held last night at an Edwardsville restaurant.

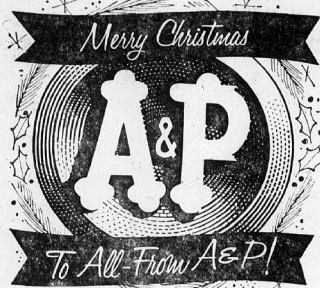

Dinner was served and Mrs. Ann Meigs, who was celebrating her birthday, was presented with gifts. There was also the Christmas gift exchange.

Attending were Mesdames Gladys Skubish, Vivian Danco, Kate Fedora, Sue Fordices, Irene Kadance, Mary Bridick and Frances Vivod.

The Merry Mitchellettes 4-H Club met Monday evening at the Mitchell school.

The members made plans for carolling at 7 o'clock Dec. 23 in the Mitchell area and two new members were welcomed. They were Doris Ferro and Jo Ann Metz.

The club will meet again Jan. 13.

Postmasters Give Hints For Christmas Mailing

Quad-City postmasters continued their annual appeal this week—"Mail Early."

They point out that virtually all Christmas mailing can be disposed of now by following five suggestions:

"Do your shopping for Christmas gifts now.

"Check and revise mailing lists for cards and flowers.

"Package and mail Christmas parcels promptly. Don't worry about being too early—just mark them Do Not Open Until Christmas."

"Buy Christmas cards now while post office windows are not crowded."

"Suggested 5-Cent Stamps"

The postmasters suggest the use of five-cent stamps on Christmas greeting cards—especially those with Christmas trees on them. Use of first class mail means the cards will be forwarded in case the recipient has moved and personal messages may be written on the cards.

Letter carriers and post offices have free supplies of labels for "local" and "out-of-town" cards. Their use will speed delivery.

The postmasters urge Quad-Cityans to insure Christmas parcels, being mailed. They stressed "good packaging and addressing" for prompt delivery, and stress the addresses should be written or printed clearly.

"Once a local post office has caused all efforts to make delivery or return a parcel and has held it unclaimed for the standard 90 days, the parcel usually is lost to the sender or intended recipient. Such parcels then are disposed of at the postal service auctions held at 15 major post offices over the nation."

"Mailing early with Zip code numbers can be a big help to the mailer as well as the post office," the postmasters added.

Final Monthly City Sales Tax Report—\$23,311

Quad-City municipal sales taxes amounted to \$23,311 for July, the Illinois Department of Revenue has announced upon completing its final monthly report.

In the future, it plans quarterly reports. The first will be for the July-September 1963 quarter.

The July statistics show \$19,212 returned from Springfield to the city treasury of Granite City, \$2,036 to Madison and \$701 to Venice. Totals for the first seven months of 1963 are \$134,276 in Granite City, \$24,133 in Madison and \$6,023 in Venice, an aggregate of \$164,436.

The tally for July 1962 was \$23,880 and, for the first seven months of that year, \$165,273.

Commenting on the change in reporting policy, Harry L. Hulman, director of the Revenue Department, said, "Emergency legislation passed during the last session of the General Assembly permitted taxpayers to report on a monthly, quarterly or annual basis, depending upon the average amount of their monthly tax."

"Taxpayers reporting less than \$20 a month are permitted to file on an annual basis. Those reporting more than \$20 but under \$100 are permitted to file on a quarterly basis. And all taxpayers reporting an average of \$100 or over are continuing to file on a monthly basis."

"The staggered filing date will not provide data that will enable you to make an accurate comparison for a prior comparable period, as a monthly statistical report would cover only those taxpayers filing on a monthly basis and paying \$100 or more monthly. Therefore, we will discontinue the monthly reporting, but we will issue a report on a quarterly basis."

A man's wrist watch, stolen Dec. 7 from the Meyer-Hurwitz Jewelry store, located at 1229 Nineteenth street, was returned by mail last Friday morning in a box bearing the printed message, "This is your property. There were no clues as to the identity of the thief but the watch, valued at \$29.75, was undamaged."

The party at the Elks' club Saturday evening to raise money for carrying on the aid for crippled children was a big one, and a thoroughly successful gathering. Entertainers, games and social contacts were the events that passed the time away. Miss Daisy Jaffel, who had charge of selling tickets in advance, was checking up today and was not able to give definite figures on the attendance, but she said she thought three, or four hundred ladies and gentlemen attended.

Members of one of the local clubs enjoyed a party Saturday evening when they were entertained by Mr. and Mrs. Clarence Wendell at their home in St. Louis. Six couples were present, and supper was served after the games at a table decorated with a tree and Christmas favors. There were gifts for all.

The ladies' prizes were won by Mrs. August Lohmann and Mrs. A. M. Schreder, and the gentlemen holding high scores were Clarence Wendell and Harry Wendell.

The Christmas party of the S.A.R. club was held Saturday afternoon and Mrs. George Malotki was the hostess, entertaining at her home, 2241 Grand avenue.

Holiday games were used in the entertainment, and there was an invited guest present, Mrs. C. W. Evans of St. Louis.

Thies of Mitchell and Mrs. Albert Malotki held the high scores and Mrs. Evans was winner of the consolation award.

The Trojan basketball team of Madison high school lost to Maplewood, Mo., in the last half minute of play Saturday afternoon. A foul by Louis gave Gregg, Maplewood forward, two free throws and he sank both. The final score 9-8. Madison was ahead 5-1 at the close of the first quarter and held a 3-2 lead at halftime.

After three periods, the Trojans increased their lead to 5-3 but Maplewood narrowed the gap to 8-7 in the final closing minutes. Kelo, with two field goals and a charity shot, was high scorer in the game, which was played at Maplewood.

The Southwestern Illinois Conference has put wrestling on a basis with football and other major sports. Granite City and Madison each have seven lettermen back from last year.

From Granite City, they are Albert Mounds, 155 pounds; Uell Patton, 155 pounds; Bert Bayer, 145-pound state champion; Capt. Tom Schilling, 135 pounds; Jerry Buehler, 125 pounds; and William Haven and John Bell, 115 pounds. From Madison are Layton, 155 pounds; 135 pounds; Frank Ostrega, 155 pounds; Charles McMahon, 125 pounds; John J. Moir, 125 pounds; Arnold Rutherford and Warren Ozz, 105 pounds; and Eugene McConnell, 115 pounds.

The following officers for the coming year were elected by the Granite City and Madison clubs: Granite City, Mrs. Anna Sternberg, vice-president; Mrs. Martha St. John, recording secretary; Mrs. Myrtle Bandy, financial secretary; Mrs. Grace Brown, treasurer; Mrs. Helen Bandy, deputy; Mrs. Cora Henley, and trustees, Mrs. Della Anderson, Lillian Henley and Miss Ruth Squires.

LINKS ASSASSINATION TO EDITORIAL CRITICISM

To the Editor:

My daughter is making a notebook on the life and assassination of President John F. Kennedy. I asked her to read the last few pages, "This, I believe, may have caused our beloved president's assassination."

From the basement, I brought up many hateful, untrue editorial from the St. Louis news papers.

My daughter stated, but that Oswald was a Communist. I answered, "True, but Oswald did a lot of reading. He also hated anyone with authority. To increase his embedded hate, all he had to do was read editorials such as these calling our president a dictator and keeping at it with so many low and nasty untrue topics."

"When freedom of speech and press gets to such a low level, it becomes shameful to all Americans."

Thinking and re-reading those horrible editorials, we decided to cut the paper, for the feeling was down in his heart that he remains a hateful education.

Time For Public Officials To Speak Out For Adequate Court Services

The new Illinois judicial system will go into effect within the next several weeks. There is growing concern in this community as to whether the Press-Record share of the city and its excellent facilities will not be used to the utmost.

Not only citizens but public officials may have to speak out for adequate court services, or their expectations of a full-fledged branch circuit court ignored.

A full-service court is essential in such a large and fast-growing population center as the Quad-Cities. It is important that a community of this size offer a wide range of services and facilities; to a degree, it must be self-sufficient.

This is no new concept but a belief that has been held by Quad-Cityans for many years, including 1960, when they joined with other Illinois voters in approving the new court system. The impression at that time was that there would be more, not less, court services; this undoubtedly was a factor in the favorable decision reached by many local voters.

Nowhere in the amended section of the state constitution is there a stipulation that the public should be deprived of convenient court services. Quad-City and Alton are attorneys point out. They note that East St. Louis will continue to have regular court services, in recognition of its large population, despite the fact that it is not the county seat of St. Clair county, and they are continuing to have full-scale court operation only at the Madison county seat?

The court orientation report issued for the third time shows that the Quad-City and Alton area account for 79% of misdemeanors and small civil suits filed in Madison county last year. No matter how census figures are compared, it is a fact that these two areas have the bulk of the population of Madison county, and they are continuing to grow. Yet, there has been no assurance that they will have regular courts.

It would seem to be a proper time for Quad-Cityans and Quad-City residents to voice their opinion on behalf of full usage of the local court. The convenience of the vast majority of the people of Madison county is a valid consideration.

Action Against Assessors Only A Partial Solution

Comments by the Granite City assessor pinpoint the unfairness of assessing variations. As he says, the same school tax rate is applied uniformly throughout the township, despite the fact that different assessors have determined property valuations in the different townships.

The same reasoning applies to the county tax rate, which places a greater tax burden on townships assessed above the county average than those below average. And just as there are inequalities between counties and townships, lack of assessing uniformity also can be found within neighborhoods and city blocks.

The danger of singling out a single township for reassessment, as was proposed last week by the county treasurer in regard to Godfrey township, is the possible omission of other townships needing similar review. Why, then, are the Quad-City assessor townships included, which Granite City Assessor Cragg urges, Madison county would be far from a solution of the problem.

Perhaps the best solution is a scientific approach, replacing opinion with fact. It may be that only this state is in a position to point the way. When will it come to grips with the issue?

What is still lacking is a scientific approach, replacing opinion with fact. It may be that only this state is in a position to point the way. When will it come to grips with the issue?

STATE TRAFFIC DEATHS UP

Traffic deaths in Illinois during the first 11 months of the year total 1829, an increase of 10% over the 1668 deaths for the same period last year, according to a report from the Illinois Department of Public Safety.

Provisional reports compiled by the Division of Highways and the Department of Transportation show that there were 170 traffic deaths in the state during November. This was an increase of one per cent over the 168 deaths in the same month in 1962.

Conclusions About Public Opinion On Drainage Are Still Premature

Many conclusions have been drawn about the results of the sewer bond issue elections held in Granite City last fall and this fall. It is said that voters showed they want neither limited nor full relief from flooding and raw sewage overflow.

But it is becoming increasingly apparent that no clear opinion has been expressed by the public. Only a small minority voted in either election. And those who did go to the polls could only record "yes" or "no" in response to the specific proposals. In 1962, the program included flexible charges based on water consumption; in 1963, the plan involved flexible charges based on assessed valuation.

It could be argued that Granite Cityans merely want to avoid higher costs or taxes, but this surely would not be true under all circumstances. It could be contended that local residents sincerely want drainage relief with flat, reasonable charges, though the election in themselves do not offer proof of this belief.

It is probably true that not enough Granite Cityans are surveyed to even voice their views, and this is one of the biggest problems. But the absence of an ideal proposal could have been a factor in the widespread failure to vote.

No valid conclusions can yet be drawn about Granite Cityans' willingness to fight increscent health risks. Certainly, each individual family would do everything in its power to prevent one of its members from acquiring a serious illness; the sewage mess past has been there, but unfortunately has not been recognized as the menace that it is.

Proper handling of sewage is just as necessary, or more so, than countless other services that Granite Cityans take for granted. Someday city officials will present a remedy so fair and sensible and effective that it captures public support, on the second or third try, if not the first. That day must not be delayed for long.

Civic Award Valuable Means Of Recognizing Community Service

Now in its 14th year, the Civic Achievement Award of the Associated Retailers has become an established method of recognizing outstanding service rendered by individuals and groups to the local community.

The annual awards are worthwhile as an inspiration to the community as a whole, and as an appreciation to those who have shown outstanding devotion to the betterment of the Quad-Cities. We are confident that the next award, for which nominations are being received, will be in the same high tradition.

Study Of Levee District Should Be Far From Dull

Because many past hiring and spending practices of the East Side Levee and Sanitary District have been of questionable propriety, the study by a special Illinois legislative commission may be far from dull. We hope local residents cooperate in supplying all information they feel would be of help to the study group.

If all facts are brought to light, it seems clear that the state will resist current efforts to return to the district its previous status as a "political football."

The clamped-down on non-referendum bond issues has helped greatly, and perhaps additional legislation can be enacted to increase the likelihood that taxpayers will be spared a word of value for each dollar they pay into the levee district coffers.

With proper safeguards and with adequate Madison county representation, the levee district may yet win public favor and be able to play a helpful role in Illinois Metropolitan Area progress.

Wise Choice On Director Of New Planning Commission

The Southwestern Illinois Metropolitan Area Planning Commission made a wise decision in selecting an experienced professional planner to serve as its executive director.

The commission was created to aid Madison and St. Clair counties and their municipalities in developing and encouraging orderly growth, and Director Mikesell's training and past work should enable him to serve effectively in this type of assignment.

We are not nearly as embarrassed by local wind currents, now that Santa Claus has landed a safe off target on attempting "sky dive" to California shopping center, when St. Nick doesn't parachute here, he missed the Bellemeur shopping area by only a half-mile, and he did not get soaked from an ocean landing.

sale of swine in Illinois are in effect and will be strictly enforced, according to the Illinois Department of Agriculture.

The new swine laws, as enacted by the 73rd General Assembly, provide that all Illinois producers of swine for sale, except those shipped directly for slaughter or sold to licensed dealers, must have their animals vaccinated against hog cholera more than 14 days and less than 24 months prior to their sale. All vaccinations within 24 hours of sale must be by a licensed veterinarian using modified live virus and serum in combination.

Complete details of the new swine laws (HB 1130) are available from the Illinois Department of Agriculture, Division of Livestock Industry, in Springfield.

40-HOUR FEED FOR GUARDS

Gov. Otto Kerners has announced that a 40-hour week for prison guards at Joliet, Stateville, Menard, Dwight, Pontiac and Jandary is in effect.

The 40-hour week for prison guards has become effective after 27 years of intermittent action. It was first enacted in 1936 by an opinion of Otto Kerners Sr., attorney general during Gov. Henry Horner's administration. The law was repealed in 1962 by the present governor's father, changed to 38 hours, and was reinstated in 1962 to 8 hours a day, six

days a week. Prior to this opinion, guards never worked more than 12-hour days and in some cases seven days a week.

Early in Gov. Otto Kerners' administration, 11 paid holidays for prison guards became reality.

TRIBUTE TO KENNEDY

The following is the text of a letter which Gov. Kerners sent to the trustees of the University of Chicago.

"As a tribute to the late President Kennedy, I request that, at the next meeting of the Board of Trustees of the University of Illinois, you consider naming the 'Campus Hall' in his honor. 'It is fitting and proper that a unique and magnificent structure bear the name of John F. Kennedy, because he brought to the Presidency a love of athletics and the arts, and a vision of our life for which the Assembly Hall was erected.'"

RACE ATTENDANCE

Harness racing in Illinois broke all previous state records during 1962, and recorded the sport's biggest attendance and pari-mutuel gains in the United States.

In a report to Gov. Kerners, Thomas C. Bradley, chairman of the Illinois Harness Racing Commission, said new records were established in 1962 in attendance, wagering, revenue and prize money.

In his report, Bradley noted that revenue to the State of Illinois from harness racing climbed to an all time high in 1962. Revenue to the state was estimated at \$3,818,582 in 1961.

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

CONSTIPATION CAN BE CORRECTED

About one in every three Americans is troubled with constipation and its unhappy symptoms, chronic fatigue and sluggishness.

Most of this unpleasantness is needless. Chronic constipation can be corrected with time and patience — and some knowledge of what brings it on.

People develop constipation, the very thing they hope to avoid, when they try to rush it in the usual manner. While laxatives, in themselves, are not habit forming, depending on them for relief can easily become a habit.

If you are busy, nervous and upset — or just plain careless — you may ignore the urge to go to the bathroom. When the urge is neglected repeatedly, the message gets weaker, easier to ignore, and the stool becomes dehydrated, harder to pass.

Get Rest And Exercise

Hurried, nervous and careless people are usually the ones who neglect eating habits and exercise. Meals on the run and too little fluid, rest and exercise all contribute to extra work for the colon, making its function less dependable.

Restoring to laxatives, suppositories and enemas regularly to relieve the problem can only help to compound it. Laxatives remove the entire contents of the colon, not just the normal waste.

Having been emptied so thoroughly, there is not apt to be a sufficient quantity of waste material the next day to prompt the colon to natural action. More laxatives seem required, adding further insult and discomfort to the whole digestive tract.

Permanent relief from constipation can only come from patiently rebuilding good habits. Establish a definite time usually the first thing in the morning is best. Set aside 10 or 20 minutes in which you can relax if it means getting up earlier.

Most people find it very difficult to get up to handle. Older people often lack bulk in their stool, and the urge to defecate is weak.

Whatever works best for you is right for you. The important thing is to eat, to exercise, to be patient. Remember that constipation does not develop overnight. It takes time to correct it, but it's worth it.

Urge Fairgoers To Visit Illinois

Illinois tourism, currently being given a boost through a series of meetings on the subject and through appointment of regional tourism committees, also is scheduled for emphasis in the exhibit at the World's Fair next year and the following year in New York.

Plans call for Illinois to "wear the top hat of Abraham Lincoln to the fair and off it to visitors with an invitation to continue on their travels to the Land of Lincoln."

Following a general Lincoln theme, the 17-month-long exhibition is making plans for a "tasteful balance of historic, economic recreation and entertainment features" for fairgoers.

Original Manuscript

One area of the exhibit will feature a display of the original manuscript of Lincoln's Gettysburg address, which was delivered on Nov. 19, 1863. The document is owned by the state and its permanent home is the Illinois State Historical Library.

Also featured will be a unique sculpture showing Lincoln as a prairie lawyer on horseback; a totem pole said to be the first carved likeness of a president.

Quad-Cities Birthrate Declines In November

Declines in the Quad-Cities birth and deaths were noted for November by Granite City Clerk A. L. Stevens, who compiles vital statistics for the entire area of this year's births and deaths (in that order) by months follows:

During the month, 89 babies were born, a sharp drop from 100 births recorded in October. The total for the 11 months is 1,063 new babies, which is 128 below the 1071 births recorded for the same period in 1962.

The 33 deaths occurring in the Quad-Cities during November and 42 in October.

\$10,000 Relief Tax Warrant O'd By Nameoki Board

With relief funds nearly depleted, the Nameoki town board Monday evening authorized issuance of a \$10,000 tax anticipation warrant for general assistance.

The money will be borrowed from Granite City Trust & Savings Bank at 4% interest. Supervisor Harry Briggs said the loan, along with state funds, should be sufficient to complete the current fiscal year which ends March 1.

Relief disbursements by the township have amounted to \$37,773 in the nine months of the current fiscal year.

Briggs reported that revised plans for the East Madison section of the township's proposed sanitary sewer system to include a treatment plant have been forwarded to the Federal Housing and Home Finance Agency, which is expected to announce after the first of the year a decision on the township's application for a \$150,000 federal grant for preliminary planning of the project.

A supervisor explained the city of Madison was reluctant to grant permission for East Madison to connect its line to the city's sewerage system, as it is not known when Madison's dual drainage system water system will be completed.

"Rather than wait for a later decision by Madison, it was decided to proceed with design of that revenue to the State of Illinois from harness racing climbed to an all time high in 1962. Revenue to the state was estimated at \$3,818,582 in 1961.

County Plans To Lease Traffic Record Office

Arrangements are being made to lease separate quarters in Edwardsville to house the new magistrate division of the office of the clerk of the circuit court, was announced today.

The county board of supervisors is considering a two-year lease ground-floor quarters at 108 St. Louis street on the south side of the courthouse square with a rental of \$50 a month.

An appropriation for additional space for the circuit clerk's office is provided in the proposed county budget which will be up for adoption by the county board at its Dec. 18 meeting. Workmen are preparing to vacate the old day for occupancy by Jan. 1.

The magistrate or traffic division of the court will handle all misdemeanor and small claims cases arising in magistrate courts over the county jurisdiction which will be up for adoption on Jan. 1. Records in the cases will be filed in the decision by Madison, it was decided to proceed with design of that revenue to the State of Illinois from harness racing climbed to an all time high in 1962. Revenue to the state was estimated at \$3,818,582 in 1961.

Council Chairmen Urge Collection Of City License Fees

Collection of delinquent city license fees on vehicles, taverns and non-operated machines was suggested as a means of bolstering the city income, during a meeting of Granite City council chairmen Monday evening.

Alderman Donald Partney called upon City Atty. George Filloff Jr. to immediately advise Community Coach Co. to pay the \$20 annual city license fees on an additional 13 buses it had operated in the city; and other aldermen suggested a study be

conducted to determine what other city license fees were delinquent.

The chairman also heard a report from Alderman Charles W. Moerlein on the city's conference with officers of the state Sanitary Water Board, a suggestion that a postage machine be pur-

chased for the city, a recommendation for the first floor of the city hall to be remodeled for the police department and the future hiring of five additional policemen along with workmen's compensation coverage for policemen and firemen.

\$20 Annual License

On the bus licenses, Partney pointed out Community Coach Co. soon will be dissolved and a firm that the city should immediately submit its bill. He said the firm bought the \$20 city vehicle license for 15 of its buses, while it paid personal taxes on 28.

"The difference is \$280, which we should be able to collect, especially since it is known they actually had about 55 buses," Partney said.

He added that he had learned of the difference while trying to determine the amount of taxes the city will lose since Bi-State Agency has taken over the bus operation and does not pay taxes since it is a governmental agency.

Suggestions were made by other chairmen that a study of city records be made to determine what other licenses are unpaid and that an effort be made to collect them.

Mentioned were taxicabs, concrete mixing trucks, pinball machines, juke boxes, cigar machines and taverns.

Reporting on Friday's conference with the Sanitary Water Board officers, Moerlein said he was advised by D. B. Morton of the SWB staff that any installation of interceptor sewers would be by arrangement of the city with the bond firm handling revenue bonds.

Plant Location Important

He said the location of the sewage treatment plant on Granite City Airport property would determine the extent of sewer construction, and that the city would have to determine if it wants to go beyond that with a separation of sanitary and storm water sewers.

Moerlein indicated he hoped to pinpoint the city's treatment plant location at the depot and determine if additional funds are needed for construction of the treatment plant. A report will be made to the council later this month.

The state SWB canceled its Dec. 10 meeting and will not meet until January.

"That gives us more time," Moerlein pointed out, "to set up the revenue bond ordinance, determine the treatment plant loca-

tion and if any additional sewer lines are needed should the depot require the plant to be located away from the city pump station."

He said it might be necessary for a lift station to be installed at the city sewer line along Nindringhaus avenue into the depot grounds, should the treatment plant be placed in the vicinity of Chicago avenue, as recommended by depot authorities. "This location will cost the city more and also will be an added expense to the depot. If we can get the site near the pump station, the city could save money," Moerlein said.

Federal Grant Procedure

Moerlein and Alderman Ford Johnson explained the procedure for securing a federal grant to cover the treatment plant construction.

The state submits a priority list for projects, and it was indicated Granite City would be close to the top of the list to be completed by next June. We have a June 1 deadline to submit detailed plans and costs, but must have the revenue bond ordinance approved before the January meeting of the Sanitary Water Board," Moerlein told the chairmen.

"We don't have any idea on the amount of a federal grant, but we were told Granite City should be high on the priority list prepared by the state. We should be ready to call for bids by June," Moerlein added.

"Technically we're in violation of the SWB order, but with the bond not meeting until January, we have the needed time," he added.

Early Budget Plans

Early preparation of the 1964-65 budget was urged by Finance Committee Chairman Paul Rutledge, as City Hall Committee Chairman Casner Skulish said it was proposed the city hire an architect to design the proposed remodeling of the police department facilities. "We'll probably have to do the job over a period of one or two years in order to budget the money," Skulish said. His committee met with the police commissioners to discuss the preliminary plans.

Samuel Whitmer, chairman of the Police committee, said the commissioners also were preparing to ask that five additional policemen be hired and that the council consider the acquisition of a police dog.

The chairmen also agreed the city dog pound, which has been under construction for nearly three years, should be begun to completion, and that the city consider the leasing of a postal metering machine instead of purchasing stamps. It was recommended the city also might con-

sider application for a lower priced bulk mailing permit.

Cancellation of the city's liability insurance along with the workmen's compensation insurance policy is expected to bring proposals from other insurance agencies at the Dec. 16 council session. Committees are to meet with representatives of the police and fire departments to determine if they should be included under the compensation program. They are not at present.

Madison Holiday Displays Will Be Judged Next Week

Madisonians currently are preparing home Christmas displays on their porches, walls and front lawns as part of their annual observance of the holiday season.

The practice is encouraged by Madison Rotarians, who annually award five \$20 prizes for the best exterior decorations utilizing lighting.

An exact date for judging has not yet been set, but it will be during the week of Dec. 16-21 and will be announced in advance. Identity of the judges is not announced.

Madison residents with such decorations will be asked to turn on their displays on the evening of the judging, Rotary Contest Chairman Anthony Zedolek said this week. No other entry procedure is necessary, since the judges will tour all neighborhoods, he explained.

Federal Funds To Be Sought By Alton State Hospital

The Illinois Department of Mental Health has approved Alton State Hospital's petition for federal funds to improve the institution's outpatient clinic services.

Dr. Abraham Simon, hospital superintendent, learned of the approval last week by telephone. The department authorized the hospital to fill out appropriate forms for application of funds through the U.S. Department of Health, Education and Welfare.

Hospital officials were encouraged by the decision, indicating they thought it was a reflection of the state's concern to revitalize outpatient services in downstate Illinois. Only two counties, St. Clair and Madison, out of the 19 served by the hospital, currently have psychiatric outpatient facilities.

Dr. Harold Vitosky, Illinois department director, earlier had evaluated petitions sent in by all 13 state institutions. These bids were accompanied by outlines of each hospital's respective treatment and educational programs, as well as future plans.

Since the grants are limited, initial selection was on the basis of need and qualification. Federal authorities will make further evaluation to determine essentialness and possible allocation of funds.

NOTICE TO ALL MEMBERS

PURSUANT TO A Settlement Agreement approved by the National Labor Relations Board and in order to effectuate the policies of the NATIONAL LABOR RELATIONS ACT we hereby notify our members that:

WE WILL NOT threaten the employees of M. L. Vagstad Trucking Company with bodily injury or loss of employment if they fail to agree to the application of wage reduction to each day worked.

WE WILL NOT in any other like or related manner threaten or coerce employees of M. L. Vagstad Trucking Company in the exercise of the rights guaranteed them by Section 7 of the Act.

Dated Aug 12-62, by *Mr. D. J. Dwyer* (S)

This Notice must remain posted for 60 consecutive days from the date of posting, and must not be altered, defaced, or covered by any other notice.

If members have any question concerning this Notice or compliance with its provisions, they may communicate directly with the Board, Regional Office 19 Federal Building, 1200 Market Street, St. Louis, Missouri, 63103, Suite 1-1010, Extension 4165

THE NOTICE reproduced above is not a bulletin posted by an employer, setting forth to employees rights guaranteed to them under the labor laws of the United States.

Incredibly, it is a statement by a labor union, promising its own members that they will not be beaten up by the group in control of the union if they oppose the wishes of that group.

It was posted by the union at the order of the National Labor Relations Board, acting at the petition of the union members, who had to resort to law to protect themselves.

The union is Local 525 of the Teamsters' Union.

The union officer signing for the organization is William Doty.

Within the next few days an election will be held among the members of Local 525 to determine whether the leadership of Doty, and the condition of affairs which could result in a notice such as that shown above will continue.

We urge you, as a member of the local, to cast your ballot for Melvin Webb for Secretary-Treasurer-Business Representative, to bring about an administration of Local 525 in the interest of its members, not its bosses.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses!

And if that combination of modest weight and potent power makes you think this is one frisky car, you've got the right idea. You've also got a car with lots of room for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension and snug insulation, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions you from bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's sure good looks, too. Just listen to the solid thump of a door closing or look at the smooth metalwork. You'll see what we mean.

Sounds good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Lake School 6th Graders Collect Historical Papers

The world's No. One news story of the year will have a major place in the library at Lake elementary school because of a class project undertaken by sixth graders.

The students have collected newspapers from 39 major cities throughout the U.S., including Dallas, Tex., and Hilo, Hawaii, telling of the Nov. 22 assassination of President Kennedy.

Currently, most of the papers are featured on the school's bulletin board in the main hallway. Next to it now stands a Christmas tree and a box of toys and clothing being donated by the pupils.

Principal Arthur Menendez and sixth grade teacher Al Wilson are endeavoring to find a method to preserve the collection. One from Miami features almost a full front page picture of the late President Kennedy. Another, the Chicago Tribune, has his picture in color.

Many use heavy black borders for column rules, and all feature big headlines—black and in color.

Wilson, who features newspaper reading as a part of his classroom work, said the pupils noted the different terms used in headlines. Some said it was an assassination, others called it murder.

Revenue Service Files Tax Lien Against Hodge

The Internal Revenue Service has filed an income tax lien against Orville E. Hodge of Granite City with Madison County Recorder of Deeds James P. Chapman in Edwardsville claiming that Hodge owes \$4,359.846 in back taxes, interest and penalties for the years 1953 through 1956.

Assessments against Hodge listed in the notice of federal tax lien include \$525,236 for 1953, \$1,170,457 for 1954, \$1,939,786 for 1955 and \$724,167 for 1956.

The government claims that Hodge and his wife agreed to extend the time in which additional tax claims could be assessed against them for 1953-55 in the U.S. tax court claiming that Hodge and his wife owe \$2.7 million in back taxes.

Mrs. Hodge has filed a petition in federal court attacking the claim, denying that she was responsible for payment of the back taxes.

A tax lien by the federal government usually is given priority over other liens in attaching property, income and other holdings.

Hodge, now employed at the Belleme Hardware store, 3222 N. Main road, was paroled last January after serving 6½ years in Menard state penitentiary for stealing more than \$1 million in state funds while he served as state auditor. Mrs. Hodge resides in Fort Lauderdale, Fla.

4 County Zone Appeal Hearings Set In Area

Hearings are to be conducted tomorrow by the Madison county board of zoning appeals for four requests for zone changes in the Quad-Cities area.

At 10 a.m. the board will conduct a site hearing at 5209 Maryville road on a request by Clyde Moore for a private club and recreation area for horseback riding, changing the designation from the present R-3 residential.

At 10:30 a.m. a hearing will be conducted at the southwest corner of the intersection of Federal Aid Route 151 and U.S. Byepass 66-40 for Konstanty Christich, who wants a tract changed from M-1, limited manufacturing, to B-3, highway business.

Another hearing is scheduled for 11 a.m. on a petition by Louis Roustio to rezone a tract at Roseland place in Nameoki township along Horseshoe Lake road from A to agriculture to B-1 limited business.

The last petition to be heard will be that of radio station Ksen for a special use permit to place a mobile home for a watchman at the site of the broadcasting station and tower east of Mitchell at the intersection of U.S. Byepass 66-40 and Route 111.

Venice Children To Receive Yule Candy, Fruit Dec. 23

The annual distribution of Christmas treats to Venice children will be handled again this year by city officials and employees, it was announced today. Date chosen for the project is Monday, Dec. 23.

Madison and Venice police formerly sponsored fruit and candy gifts, obtaining financial contributions from organizations and businesses. These programs have been dropped, but the Venice tradition has been carried on by the city government, aided by revenue from the McKinley Bridge.

City officers and employees will gather at the new Venice street department garage Sunday afternoon, Dec. 22, to package the candy, apples and oranges in individual bags. All Venice youngsters are eligible to receive the free treats.

Exact times and locations of the distribution are still being determined.

Plan to buy a farm?

A lawyer can answer your questions

Is it all right to sign all those papers? Is the property you're buying exactly as described? Who pays the taxes for this year? Which is the best way to take title—in joint tenancy or solely in your name? (There may be a tax advantage, in your case, by not owning the home in joint tenancy with your wife.)

Your lawyer knows the answers. He will explain the purpose of each paper, make certain that your rights are protected, give you the best advice about the question of joint tenancy, in terms of your personal circumstances.

Your lawyer will explain to you, also, the importance of receiving a good title. The safest way to be sure is to ask the seller to provide a title insurance policy from Chicago Title and Trust Company.

Hints On Studying For Tests Offered By SIU

Systematic preparation for examinations is one of the most important keys to scholastic success, according to a Southern Illinois University brochure on study habits.

The publication, "Study Hints," says the student should begin the day after an examination preparing for the next one. Continued review should be part of the study program.

"Set aside a definite time to review lecture notes and textbook material for the entire week," the brochure advises, "as well as time for a systematic and detailed review of all material since the beginning of the term. This should not be left until the night before an examination."

Prepared by the office of student affairs and counseling and testing center for SIU students, the booklet advises that "cramming" for an exam will be of little help only if the student is already familiar with the material. (Chairman of campus decorations) and Spring Festival.

Great River Road To Be 'Granite City Expressway' In Quad-Cities Area

The Great River Road (Federal Aid Route 151) has been designated the Granite City Expressway in this area by the state department of public works.

The four and six-lane roadway will take several years to develop through the Quad-Cities from Interstate Route 270 west of Mitchell into Venice at a cost estimated in excess of \$9,000,000.

Property appraisals have started along Cedar street, across from the Granite City Army Depot, but the state highway department points out that right-of-way problems have to be resolved.

The city council several weeks ago voiced objection to the right-of-way taking homes along Cedar street and called for a meeting with state officials at French Village to determine if the roadway could be relocated on Army Depot property. The office at French Village has no knowledge of the request.

The \$9,000,000 development extends south to a point north of Broadway in Venice, and from there will continue on a new location through Venice and Brooklyn to a connection with St. Clair avenue in East St. Louis.

Location Studies

Extensive studies are now under way to determine the most feasible location for this improvement. The city of Venice is considering construction of a railroad underpass at the railroad tracks, and presently is working to arrange a method for financing its share of the underpass project cost.

The cost of the highway construction from Venice to East St. Louis also has been estimated at \$3,000,000.

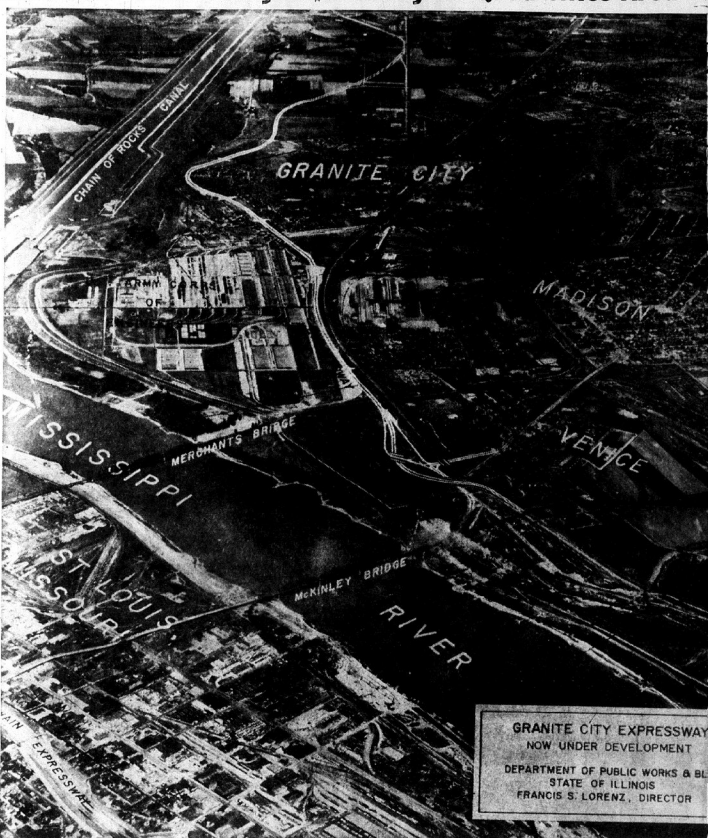

Cost of the underpass to the city of Venice has been estimated at \$380,000. Presently, a section of the Great River road is open about two miles north of Granite City. The section between U.S. Byway 66-40 to Hartford was constructed as a four-lane facility, utilizing the existing route where possible and on relocation to provide an adequate interchange with Interstate 270, under construction west of Mitchell.

The cost of this section was over \$1,600,000.

South Of Interstate 270

From south of Interstate 270, the new roadway is to follow the existing pavement of Route 3 (formerly 67A) for a distance of one mile. Then it will relocate west of the A. O. Smith Corp. plant and into West Granite and Lincoln Place.

North of Alton, the Great River road is expected to be opened this month or early next year between Lockhaven and Elshah. On the Elshah to Grafton section, the contractor still is grading, paving. It includes more than 38 miles of multi-lane divided highway.

ing, white double ribbon immediately east of the Chain of Rocks canal. The Granite City Expressway is to be four and six lanes and will cost \$9,000,000 to build over the next several years.

A/3C Woodward Finishes AF Communications School

Airman Third Class Warren L. Woodward has completed the technical training course for U.S. Air Force communications center specialists at Sheppard AFB, Tex.

The airman, son of Mrs. Florence E. Woodward of 3116 Davis avenue, is a graduate of Granite City high school.

From this point of Illinois 3

This section is presently serving near Ferguson avenue, the Crest as a four-lane facility, being River Road will follow the route constructed as such in 1958 and to a junction with Federal Aid 1961 at a cost close to \$1,000,000.

State Investment Earnings

Investment of state funds for the first 11 months of 1963 produced earnings of \$16,339,881, it was reported this week by State Treasurer William J. Scott, who said it represented an increase of nearly \$6,000,000 over the same period in 1962.

\$61,200 MFT For County

Madison county has been allocated \$61,200 as its share of \$2,980,339 in Illinois motor fuel tax paid into the state treasury during November. The St. Clair county allocation was \$66,238.

McKinley Traffic Continues To Run Below Last Year

McKinley Bridge traffic in November continued to lag about 20,000 vehicles behind the comparable month of the previous year—for the fourth consecutive month.

The period coincides with the completion of an improved highway route linking the Quad Cities with bridges south of here.

A monthly traffic report on the Venice-owned McKinley span shows 382,845 crossings in November, compared to 405,514 in November 1962, a difference of 22,669.

Decreases from the year before were 27,143 in October, 15,931 in September and 18,382 in August. In contrast, the July 1963 traffic topped July 1962 by 6417.

A breakdown of November 1963 crossings shows 90,656 in the first week, 89,501 in the second week, 92,269 in the third week, 82,894 in the fourth week and 27,525 on the last two days of the month.

Daily average was 12,761 during the past month, compared to 13,144 in October, 13,161 in September, 13,643 in August, 13,643 in July, 13,687 in June, 13,701 in May, 13,969 in April, 13,076 in March, 12,653 in February 12,153 in January, 12,917 in December 1962, 13,537 in November 1962 and 14,020 in October 1962.

Applicants Sought For GC Police Dept.

The vacancy on the department was created by the retirement of Chief of Detectives James R. Lowder, who left Dec. 1 to become police chief at Des Moines, Mo.

The patrolman job is open to Granite Cityans between the ages of 21 and 35 who have a high school diploma and are at least five feet, nine inches tall and weigh at least 160 pounds.

FORMER MADISON HIGH
All-state basketball player Don Freeman is a starter now at the University of Illinois. Coach Harry Combes calls him "potentially one of the finest to play for Illinois." The 6-2, 180-pounder is called "Feli" by his teammates because of his lightning-like moves on the court. He has a fine jump shot but is especially tough around the basket because of his great jumping ability. Freeman is a 19-year-old sophomore.

FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced... full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed... and the sure way to be certain they keep on changing. Changed? Just look at the record:

<p>STOCK CAR RACING: 24-1 margin for Ford Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the 55 season, special Ford entered every single one of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations INCA and MARC, Ford drivers have wrapped up the 1963 championships.</p>	<p>SPORTS CAR ROAD RACING: Ford V-8 power is the new king Here the Cobra with its special features engine emerged as the overwhelming leader in one short year. Cobas won the coveted Manufacturers Trophy in SCCA Class A Production competition by so wide a margin so other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the legions of "little red" cars from all over the world.</p>	<p>RALLY COMPETITION: Ford ends an era Products of Ford Motor Company and its world-wide associates won the 1963 Manufacturers' World Rally Championship. Ford's rally year began when two specially equipped Falcons V-8's started the 2000 mile Monte Carlo Rally. Other special Falcons V-8's triumphed in Holland's famed Tolly Rally, and ran away with the Manufacturers' Team Prize in the 4000-mile Trans-Canada Rally.</p>	<p>INDIANAPOLIS: Ford ends an era Advanced Ford engineering smashed precedent in the classic Indianapolis "500." The first time out, a light alloy wheel was the feature of the design in a Lotus chassis finished second. And the first time in the Milwaukee "500" it ended the reign of the traditional "finny" racing car by leading every inch of the way from start to finish.</p>	<p>PERFORMANCE & ECONOMY: New standards for Ford The Mobil Economy Run underscored Falcon's year-long reputation for fuel—a Falcon scored first in Class B (medium-engined compact). And the Pump Oil Performance Trials showed Falcon's to be the big factor, which walked off with overall wins in Classes I and II for total performance (economy, acceleration and braking).</p>
--	--	--	---	---

✓ 1964 Result:

TOTAL PERFORMANCE INSPIRES THE TOUGHEST, SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history. The things we've learned from the specially equipped cars we enter in open competitions have helped make them that way.

The inherent qualities that make the vic-

torious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger, and smoother for highway use.

But prove it to yourself. Take the wheel of any new Ford. Five minutes on the road will show you the kind of total performance no one else can match.

New Trash Containers Placed in Downtown CC

Fifteen new colorful trash-containers early this week were placed in downtown Granite City.

The containers were presented to the city by the Tri-Cities Chamber of Commerce and the Downtown Granite City Shopping Center. They replace containers put on the streets eight years ago by the Chamber of Commerce.

The 35-gallon barrels, which were painted and donated to the Chamber of Commerce by the Nesco Steel Barrel Co., hold about three times as much as the old containers.

The tops were purchased by the Downtown Shopping Center, from National Auto Supply Co., with the cooperation of Harry Wolf. The tops and the word "Trash" on the barrels were painted by the Horn Auto Body shop, Union Street & Edina.

While being prepared for use, the barrels were stored at the J. H. Sternberg Co.

The city will have the responsibility of emptying the containers.

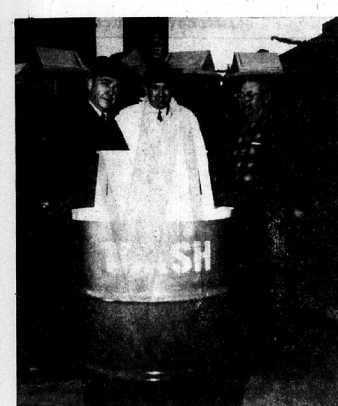

William S. Warfield, superintendent of streets, accepted the barrels and thanked the two sponsoring organizations for their interest in keeping the city clean.

Delinquent Tax Sale Set For Next Monday

The annual Madison county delinquent tax sale of property will be held next Monday in the courthouse at Edwardsville, starting at 9:30 a.m. on the second floor corridor outside the office of County Treasurer George Musso.

Chief Deputy Treasurer Mrs. Edna Bell will be in charge of the sale, aided by the clerical staff of County Clerk Miss Edna Hefz.

In past years, the annual sale will open with the offering of the first parcel in Helvetia township on which current taxes were not paid. After that, all real estate on which taxes remain unpaid for 10 or more

NEW TRASH CONTAINERS were placed in downtown area this week. Examining one at 19th and State streets are (from left): Homer A. Huber, chairman of the Downtown Granite City Shopping Center; Donald B. Hayes, Chairman of the Chamber of Commerce's civic improvement committee, and William S. Warfield, Granite City superintendent of streets. Other containers are on truck in background.

years will be put up for bid under the "scavenger" portion of the sale. Offerings then will be resumed of properties on which 1962 taxes were not paid this year to wind up the regular portion of the sale.

County Politicians Honor Moratorium On Seeking Office

Three Madison county elective officials whose terms expire next year have stated that they intend to honor a moratorium on public political activity called during the mourning period for the late President Kennedy.

Circuit Clerk Willard Piggall of Granite City, Auditor John Raynak of Granite City and Recorder of Deeds James Chapman of Collinsville, did not admit to deny that they plan to run for nomination in the April Democratic primary.

It was believed, however, that they will be candidates. They said they have not obtained signatures to petitions, and they have not received any petitions. The mourning period will end on Dec. 22.

Dr. W. W. Billings of Alton, county coroner, has announced intentions to run for re-election to petitions, and the Dick Mudge of Edwardsville, will not be seeking re-election.

Regarded as likely candidates for state's attorney are Joseph Bartylak of Collinsville, chief assistant state's attorney, and Terrell Francis, Granite City attorney. Dr. Billings currently has opposition in O. Carson Quinn of Alton.

Political conjecture among employees in the court house and the offices of state representatives is that Bartylak will have opposition in Dale Hill, current probate clerk whose office will be eliminated under the new judicial system.

A race is almost assured for the offices of state representative as LeRoy "Curly" Harris of Granite City and LeRoy "Curly" Harris of Granite City and LeRoy "Curly" Harris of Granite City.

They are eligible to complete their current terms. The only remaining JP's would be William Hubbard of Wood River and Ronald Daly of Collinsville.

No political activity has been evident among county Republicans for county positions.

Meanwhile, with the elimination of the offices of justice of peace under the new judicial system, three JP's have announced plans to resign as the new system takes effect on Jan. 1.

They are Harry Hartman of Granite City, George M. Berry of Alton and Earl Vaughan of Edwardsville.

New Member Takes Toastmasters' Award

Paul Kulliniewicz of St. Louis, a new member making his ice-breaker speech on "All About Myself," won the award Monday night at the weekly meeting of the Toastmasters Club at the Grand Cafe.

His critic was Earl Lee. The other speaker was Marvin Dean on "What Is An American" with Herman Mueller as critic.

Nominations Open For 14th Annual Community Award

The Civic Achievement Award committee, sponsored by the Associated Retailers and Civic Association, will accept nominations for the outstanding individual, firm or organization of 1963. It was announced today by E. G. Schmitt, committee chairman.

The nominations will be open through Jan. 18, 1964, and may be submitted by anyone in the Quad-Cities. Letters should be sent to the office of the Associated Retailers, 19th street and Delmar avenue.

Eligible for the award, which is given for outstanding civic service or for bringing favorable recognition to this community, are Quad-City individuals, firms or organizations. The current award is the 14th since it was established in 1949.

Last year's award was shared by James Stuart, who was honored for his many years of service to local youth and to the Des Moines organization, and by Robert D. Todoroff, whose Latin American School Band Ensemble won high praise and international recognition during a trip to Mexico where a series of performances was given.

In addition to Chairman Schmitt, other members of the award committee are Mrs. Ruth Huxel, Rev. Robert J. Bauman, Mrs. M. Costello, Robert Gibbons, Sidney Aubrey, Loran Goad, Randall Robertson, Wensel Brown and C. E. Townsend.
